- III. Record of Written Comments – *Kurt Deter and Cris Skonard*
- IV. Any Additional Engineering Information – *Wenck Associates, Inc.*
- V. New Public Comment and Questions Regarding Engineering
- VI. Additional Appraiser’s Report – *Ron Ringquist*
- VII. New Public Comment and Questions Regarding Appraiser’s Report
- VIII. Possible Action by North Fork Crow River Watershed District Board of Managers
 - 1) If all public input has been received, Board of Managers can close public input portion of final hearing.
 - 2) Possible action by North Fork Crow River Watershed District Board of Managers:
 - a) Continue decision until November 9, 2020, at regular North Fork Crow River Watershed District Board Meeting.
 - b) Discuss and make decision as to Lake Koronis Aquatic Management Plan. Plan can only be approved if the following items have been met:
 - i) Project will be conducive to public health.
 - ii) Project will promote the general welfare.
 - iii) Project is in compliance with Minnesota Statutes 103D.
 - iv) Project will result in benefits that are greater than the cost of implementation of the project.

If and when the project is approved, there will be discussion of the next steps and implementation of the project.
